Chateaux Des Amerois (Mothers of Darkness Castle

Chateau Des Amerois - MKULTRA, Illuminati Castle

Mothers Of Darkness Castle (rescued Images) I guess I have an obsession with this castle, it appears that the owner does everything that they can to keep it invisible. Almost every image of it has been removed from the internet, as soon as a good video appears about it on Youtube it is aken down. The images here have been rescued from Google's cache, the view of the castle on Google Maps is interesting, it appears as a nondescript blue blob.

I've discovered through research that the castle is owned by Solvay, the people who provide us with controversial antidepressant, for example Prozac and Paroxetine. Drugs wh ich have been held responsible for the spurge of mass killings being witnessed in schools and universities around the world. Solvay also provide Children's camps across the globe and interestingly in Brussels. Would you trust these people to look after your child?

Data for Child Focus, Belgium

In 2008, Child Focus' case managers dealt with 2177 missing persons and sexual abuse files, involving in total 2388 children. Of these cases:

1 041 files concerning runaways (1 053 children); of which 47% concern children between 13 and

Brussels throws out McCann's appeal for European missing child alert system

This article is interesting because Kate and Gerry McCann's appeal for an alert system to assist in finding missing children was rejected and instead member states will set up their own systems and work together to alert border officials and foreign police forces more quickly following child abductions.

This is a nonsense, obviously the best system would be a centralized database which authorities could access in the advent of a missing child, thereby having immediate access to the data rather than decentralized systems which do not work together. I find it horrifying to discover that you have more chance of finding a missing car than a missing child. There is something is a bit fishy here isn't there? Could it be that all these high profile individuals, Royal family members, politicians et al, do not want their perverse pedophilia games to end and they will do anything to enable their activities.

Look up the Detroux affair

A massive pedophile network came to light and was hushed up and 20 key witnesses "Commited Suicide"

Belgium Pedophilia Scandal /Did Authorities Cover Up Its Scope?

Barry James, International Herald Tribune , 16/12/1999

BRUSSELS – In Belgium, the X-Files refer not to the U.S. television series but to a series of horrific witness accounts of an alleged pedophile network. The five women and the male transvestite who testified anonymously in Belgium under the code-name "X" described an underworld of snuff movies and sadomasochist torture that was almost impossible to believe. And they said that politicians and other highly placed members of society were involved.

The conventional wisdom is that the witnesses were either deranged or were recounting fantasies. It was, in the jargon of psychiatrists, a bad case of false-memory syndrome.

• But a new book by three crime reporters, "The X-Files: What Belgium Was Not Supposed to Know About the Dutroux Affair," published in French and Dutch in November, asserts that the X-witnesses were more credible than the conventional wisdom suggests.

The cover up was so obvious that 300,000 Belgiums went to the streets to protest against the way the investigation was conducted. At least 3 families of the victims have been convinced there is a massive cover up and at least 20 crucial witness have 'committed suicide'. It seems to be very hard to get access to these X-files. Maybe that has to do with the fact that many senior officials have been named as participants in the above crimes, including members of the royal family and at least one former European Commissioner (name hasn't been made public). At the moment, I don't see how Springmeier or Wheeler could have gained access to these secret hearings, but we'll see where this story goes in the future. I'll also check out the place the first time I'm getting near it. The chateau is not named in the usual lists of Belgium castles. Pictures and references are in very short supply. (It's kept very well hidden

, just why is that? unless these people have something to hide!)

Chateau des Amerois The castle was owned by Prince Philipp von Saxe-Coburg-Gotha and later by the Solvay family. The Solvay family is one of the leading industrial families of Europe (producer of medicines, plastics, and chemicals like fluor). In their 1996 book, Fritz Springmeier and Cisco Wheeler (very unsure what to think of their information) referred to it as the 'Mothers of Darkness castle'.

Documentation which indicates that The Solvay family still own the castle. See following Hunting permit:

This obscure castle does indeed exist and has been named in late 1996 and early 1997 by at least one 'X' survivor of the Dutroux affair as a place where nasty things happened. Different witnesses who described child torture, child rape, child molestation, child hunting, and child murder have been declared 'mad', but only after all the original investigators were suddenly replaced. There were also multiple claims of sex parties that were held in different castles. It didn't matter that the witness accounts included many verifiable corroborative details

and helped solve a couple of previous child murders.

Please do whatever research you can to expose this disgusting group of people, information appears everday about Satanic Ritual Abuse and everyday the information disappears, or get's buried on the Internet. Set up some Google Alerts about the Mothers of Darkness castle and publish the information on your blog, before it get's taken down.

Please comment on this blog, I could do with some help to expose these people.

Many thanks :)

Very interesting. However, the Google Maps picture is not a "nondescript blue blob", it's clearly water. The actual castle is situated a little to the right of it. try these coordinates:

This castle was owned by Saxe-Coburg-Gotha, this was also the name of the British royal family till they changed it in 1917.

Maybe this is why everything is so secret about it, they don't want to be implicated in the terrible sick crimes. I always knew they were evil.

Mother of Darkness castle can be seen on Google Maps. The coordinates I have found for it on the net are just alittle off. The "blue blob" actually appears to be a pond on the castle's grounds (near the entrance).

At the following url is a screen shot showing the location of the "blue blob" and mother of darkness castle.

The castle's grounds are extensive and contain several smaller buildings. Here is the exact google coordinates –

Hi, You are totally correct about your assumptions. It IS the royalty of Europe and the Elite businessmen and Politicians of the world keeping these things quiet as too many times the spotlight has got quite close and theyve had to kill all the witnesses etc.

Look up the "Franklin Cover-Up", this website;

https://wikispooks.com/ISGP/dutroux/Belgian_X_dossiers_of_the_Dutroux_affair.htm

and I have many more files about these hideous creatures kidnapping, raping, torturing and killing our babies. Children should be given EVERY amount of protection needed to ensure Evil satanists such as these demons never get within a 100 miles of them, yet OUR police, politicians and judges seem to not give a damn what happens to children! WHY would that BE???? ONLY 1 reason makes perfect sense, they want to continue their satanic rituals as it brings them closer to their Evil Lords.

Make as much noise as you can, but never stop telling your friends where this info is on the Net, as without us even more kids will be treated as sex slaves and made to perform sex acts with these hideous evil old men who rule our countries.

REMEMBER God is on OUR SIDE!!

The castle's mentioned in the novel THE ILLUMINATI KID CAN SAVE YOU – but it's been given a slightly different name. Not a place you'd want to visit.

In the ancient Egyptian hieroglyphic language, the word "AMER" --- as in AMER-ica, or AMER-ois --indicated "A SACRIFICIAL VICTIM!" This place might be the REAL "Ground Zero". Witchcraft rules this world; that's why George Washington was sworn in on "THE WITCHES' SABBATH" known as Walpurgis Night (April 30th/May 1st). It's also why George W. Bush (Skull & Bones) was reading "My Pet Goat" during 9/11 --- an obvious occult signature! (Divide the Mass of the Sun by the Days in the Solar Year & you get 911! Also, a Nautical Mile divided by 666 gives you 911!)
